Intergenerational Gerontech Innovation Academy

IGIA Online Lecture Series · Talk 2

Youth Dialogue on Ageing, Innovation & Intergenerational Understanding

From Project-Based Learning to the Seed of Youth Ventures

Key Themes

- Understanding PBL as a real-world problem-solving process
- Looking beyond grades, assignments, and standard answers
- Finding startup opportunities in demographic change and community needs
- Turning student projects into prototypes, services, or youth ventures
- Building initiative, resilience, and reflection through project work

"How can a student project grow into a real venture with social impact?"

Date: Saturday, 19 December 2026
Time: 15:00 JST / 14:00 HKT
Venue: Online · Zoom
Language: English

Prof. Joe Hug
